## Philosophy

The service's statement of philosophy provides the foundation for all activities, policies and procedures of the service. Wherever there is uncertainty about policy or procedures, the service will reflect on the principles captured in their philosophy statement to help resolve the issue. The written policies and procedures of the service have been developed and will be monitored and reviewed with these values and principles in mind

 In supporting children's physical, personal, emotional, spiritual wellbeing and cognitive aspects of their learning.

 children are equal with unique qualities and abilities and should be treated fairly, with their input being acknowledged and respected. Children

We Believe...

In acknowledging and supporting the family's role as primary nurturers, with effective communication and collaboration with families.

 In acknowledging, respecting and embracing the diversity of children and their families.

Community

In children having the right to play and learn in a homely, engaging, nurturing and safe environment.

Children thrive when families, educators and the wider community work together to support children's wellbeing and learning.
